OFFICERS ELECTED

At the annual convention of the Ma-
son County Sunday School Association
at Mayslick Wednesday the following
officers were elected for the ensuing
year:

President—Harry C. Curran.
Vice President—Rev. W. L. Hooper.
Secretary and Treasurer—Miss
Mary L. Pecor.
Elementary Superintendent—Miss
Nannie Tully.
Secondary Superintendent—Miss
Jennie Dickson.
Adult Superintendent—Harry Rich-
ardson.
Temperance Superintendent—Miss
Mary Finch.
Missionary Superintendent—Miss
Elizabeth Quaintance.

A MEAN TRICK

Some time ago Mrs. George T. Hun-
ter placed a fence around the old
dump on the East Second street exten-
sion and after raking all the trash to
the bottom had the top and banks
spaded up and planted in corn. For
the past few weeks some sneak has
been knocking down the fence and
trampling down some of the corn.
Since Mrs. Hunter has been trying to
"do her bit" it seems little enough for
to laud her good work instead of
some contemptible person destroying
it. Should the offender be caught he
should be arrested and given the limit.

RED CROSS ASKS FOR VOLUN- TEERS

For the past three days the ladies
forming the cutting committee have
been working at the Red Cross rooms
and the comfortable shirts are now
ready for distribution. Saturday from
2 to 5 o'clock the rooms will be open.
Volunteers are to be called for and
will be asked to take one or as many
as they are willing to make at their
own home. This is a much needed
work. Make good and show your in-
terest in the cause.

CHILDREN'S WORK

At Ruggles Campgrounds This Year
Will Be in Charge of Miss Mary L.
Wilson—Dr. Jones of Ashland
To Preach Second
Sunday.

The Board of Directors of Ruggles
Campgrounds announces some
changes for the coming camping.
On account of vacation plans Miss
Hurd will not be able to return to take
charge of the Children's services. The
Board is pleased to announce that they
have secured Miss Mary L. Wilson of
this city to conduct the children's
work. Those who know Miss Wilson's
great interest in Sunday School work;
the constant demand for her services
for conventions and institute work;
and her success in her own church
with the children's work, will congrat-
ulate the Campmeeting on securing
her services. Miss Wilson will con-
duct a children's service every after-
noon during the campmeeting. Par-
ents of tenters, and in the surrounding
country should avail themselves of the
opportunity to have their children at
these services.

On account of his advanced age
Bishop Hartzell feels that he cannot
stand the trip to Ruggles. The Board
has again been fortunate. They have
secured the Rev. P. Howard Jones, D.
D., the new pastor of First M. E.
Church, Ashland. Dr. Jones comes to
Kentucky from Little Falls, New York,
where he has the reputation of being a
fine pastor and splendid preacher. Dr.
Jones will be the preacher for the
Second Sunday, the big day of the
campmeeting. President Lane of the
Campmeeting Association says about
every thing on the grounds has been
rented for the campmeeting. A great
meeting seems assured.

CARNIVAL CONTEST CLOSES

The contest which has been going
on for the benefit of the Red Cross
closed last night and the announce-
ment of the prize winners was an-
nounced at the carnival grounds as
follows:

Popular Lady, Diamond Contest—
First prize, Catherine Daly; second
prize, Teresa Gantley.
Popular School Girl, Doll Contest—
Lyde Chenault.
Popular School Boy, Bicycle Contest—
Buck Clift.
Homely Man, Knife and Chain Con-
test—John Janvier.

Pretty Baby, Diamond Ring Contest—
Jean Wels.

The contest was quite a success and
netted a neat sum for the Red Cross.
An enormous crowd was out last
night, many going early and staying
until midnight. The attendance at
this carnival is about the best of any
ever held at the ball park. There has
been so little going on in Maysville
this year that all the people are turn-
ing out and having a good time.

There was quite a little excitement
last night when the balloon ascension
took place and the parachute refused
to cut loose from the balloon and all
came down together. Many thought
that the balloonist would be killed but
luckily he was not hurt in the least.

DEATH OF SAMUEL P. SHAFER

Mr. Samuel P. Shafer, age 69, died
yesterday morning at 8:20 o'clock at
his home near Orangeburg of a com-
plication of diseases. He is survived
by his wife, Mrs. Ella Shafer, and one
daughter, Mrs. Estill Breeze of Cham-
paign, Ill. He was a member of the
M. E. Church, South, at Orangeburg
and the funeral will be held from there
Saturday morning at 11 o'clock with
services by Rev. Matthews, the pastor.
Burial in Olivet cemetery near Or-
angeburg.

NATIONAL GUARDS TO RETURN

The "Flying Squadron" of the Ken-
tucky National Guards which made
Maysville a visit last week is expect-
ing to return to Maysville for at least
one day next week. From here they
will go to Camp Stanley, Lexington,
where most of the regiments are now
in camp.

DIED IN CANADA

Word was received here yesterday
of the death of Mr. Maurice Well,
prominent stock dealer of Lexington,
at Calgary, Canada. Mr. Well was in
Canada on business and his death was
very sudden. He had many friends
here who will be sorry to hear of his
death.

DIED IN PENITENTIARY

Word was received here yesterday
by relatives stating that Bob Warner,
colored, who was sent to the peni-
tentiary for life from this city several
years ago under the habitual criminal
act, died at that institution yesterday
of consumption.

Mr. George Ballou left yesterday af-
ternoon for Florence, S. C., where he
will be stationed for the next two
months.

TOOK JOY RIDE

William Jones Held Over to Septem-
ber Term of Mason Circuit Court
For Taking Auto Without
Owner's Consent.

In Police Court yesterday William
Jones was held over to the Septem-
ber term of the Mason Circuit Court
for taking an automobile without the
owner's consent. His bond was placed
at \$100, which was furnished.

Jones has been working of nights
at Kirk Bros. garage and for the past
few days several of the owners of ma-
chines have been complaining about
their cars being used and damaged
during the night. On investigation it
was found that Jones instead of watch-
ing the cars as his business had been
taking boy friends riding at night
without the knowledge of the owners
of the garage or the consent of the
car owners. Thursday night a car be-
longing to County Attorney William H.
Rees was taken out and when he called
for it in the morning he found it
considerably damaged from inexper-
ienced handling. On Friday night a
large machine belonging to Dr. Locke
of the Sanitary Survey Corps was
taken out and damaged to such an ex-
tent that it cost several dollars to have
it put back in condition.

Jones was arrested Wednesday
morning by Officer Dudley Bloomhuff.
On being questioned he admitted his
guilt, taking all the blame on himself.
This is the first time the young fel-
low has ever been in any serious trou-
ble and perhaps he did not realize the
seriousness of the offense when he
took the cars out of the garage.

DAM NOTES

Work was begun yesterday at Lock
and Dam 33, just above the city, of
pumping out the lower guide wall
cofferdam at the mouth of Bull Creek
for the purpose of finishing construc-
tion on the lower guide wall as soon
as possible, and this morning the place
was again flooded, the river having
risen over the top wall last night.
About 300 feet of this wall remains to
be finished. With proper climatic con-
ditions and a low stage of the river
this wall can be completed by the end
of the month.

A large force of men is now employ-
ed at the construction works but the
full working quota will not be reached
for several days to come. The river
has been rather high all season and
the contractors have not made as
good progress as they have desired.

Excavators and dredges have been
busy during the past several weeks re-
moving the pass cofferdam from the
centre of the river. This cofferdam
was built last summer.

A large amount of construction ma-
terial has been received by the con-
tractors recently, consisting in the
main of riprap stone, which will be
used in protecting permanent con-
struction. Some of this stone is quite
large, many blocks weighing several
hundred pounds, apiece.

Much time is being spent at present
in filling behind the land wall of the
lock. The river bank along the lock
will be terraced, this being the first
step. When the entire work is finished
the banks will be sowed with grass
and many shade trees planted.

Rev. C. H. Clerk and family of Yel-
low Springs, Ohio, are spending a few
days with Mr. and Mrs. Charles F.
Wright of East Fourth street.

Bulletin Reporter Forecasts Coming
Marriage of Miss Garnet E.
Schmauch of Ashland to Mr.
C. Frank Nash of This City.

Yesterday's Bulletin said: "It is
rumored that a prominent young
newspaper man of this city will
shortly take unto himself a bride.
That's a Frank statement and should
start some guessing."

Score one point for you, Mike.
You're right, for the fellow told us
the same thing, only a little more of
it, so we'll divulge the secret.

Announcement has been made of
the engagement and approaching mar-
riage of Miss Garnet Elizabeth
Schmauch, daughter of Mr. and Mrs.
Charles Schmauch, of Ashland, to Mr.
C. Frank Nash of this city.

Miss Schmauch is quite prominent
in the social circles of Ashland. She
has visited Maysville on several oc-
casions and has many friends here.

Mr. Nash is a prominent young busi-
ness man of this city and has been
connected with the Ledger, both in
the composing room and on the reper-
torial staff for the past six years. At
the present time he is conducting an
insurance agency and acting as city
editor of the Ledger.

BETTED TO PLAY SAFE

There is more or less criticism of the proposed food control plans, and some of the Eastern Newspapers are not taking kindly to Mr. Hoover and advance the opinion that we do not need food regulation and that by turning so many important matters over to commissions, takes the power from Congress and tends to centralize to a great extent the running of the war.

After watching the unbusiness like manner in which Congress has handled affairs especially since war was declared, the people will welcome any plan that will assure a prompt and intelligent execution of public business. Valuable time has been wasted because some of our "bone heads" in Congress did not have business sense enough to forget party lines and politics long enough to look after the people's interest.

The mere fact that many articles of food cost more in this country than in France and England, countries that have been at war for nearly three years and that receive the raw material from which those articles of food are made from the United States, is evidence enough that Congress is not competent to run things.

Mr. Hoover made good in handling the food situation in Belgium and there is no question but what he will be a great help to this country during the war not only in saving food supplies but in showing us how to beat the food speculators who now have the country at their mercy.

There may not be much danger of a food shortage, but all indications show that there is and there can be no harm in "playing safe" and saving at least part of the food that is now being wasted. It will not only enable us to supply our allies and prevent suffering in those countries and our own, but it will teach the American people a valuable lesson that they need to learn.

A FOGGY CAMP

The Herald felicitates Louisville. The Herald sympathizes with the soldiers of the ninth division of the national army. Louisville has won another victory. The soldiers have suffered a defeat—three months before they are called to the colors they are denied their right to have the best site available for their training camp.

Instead of a camp in the uplands of the Blue Grass, on deep soil, perfectly drained, covered with thick sod, free from mists and fogs, they are sent to the Falls of the Ohio, 600 feet below the Blue Grass to camp on crawfish land, subject to mists and fogs.

The announced policy of the war department as to the size of the city to which troops will be sent is reversed. The lessons of 1898 taught by the camps at Chickamauga and at Lexington are disregarded. Louisville's endorsement of the site in Fayette county made a year ago is flouted. Louisville's promise not to contest for a camp is violated. But Louisville wins; the ninth division of the national army loses. The Herald is sorry for the troops.

It is fortunate for Louisville that its representative in congress is so influential. Mr. Sherley is the ranking member of the committee on appropriations and chairman of the committee on fortifications. He has rendered distinguished service to the Administration and is in a position to render further service. Louisville is fortunate; but it's hard on the soldier boys. They will be conscripted to fight a foreign foe. It seems hard that men from the mountains and uplands should be conscripted to fight mosquitoes and malaria and fogs.—Lexington Herald.

AUTOCRACY, AMERICAN MODEL

There is no use denying the fact that the President and the administration are weaker with Congress and the people of the United States than at any time since the gage of battle was flung down to Germany.

The reasons for loss of confidence are plain. He is leading the nation a faster pace along the road of autocracy than it can endure. He is attempting to concentrate such power in himself as to destroy utterly the processes of democracy in the country during the period of the war.

The President is asking for power which, possibly, is necessary in this historic war period; but it is well to remember that, no matter how he uses that power, wisely or unwisely, he is an autocrat who needs have no fear of public criticism or public displeasure of the kind that made Lloyd George premier of the British empire in the place of Asquith. He is absolutely assured of control of the government until the next national election.

In the autocracy which the administration is attempting to create, the President will have to delegate much of his power to his subordinates. He himself cannot shoulder more than a fraction of the burden. If he could, perhaps the creation of absolute power in so many directions would cause less apprehension. But are all his Cabinet members officials who have commended themselves to public confidence? Is not the acid test of the great new problems of war tending to show them to the world in their real light?—Washington Herald.

WELL PUT

Colonel Roosevelt lays no claim to such powers of literary expression as are possessed by some other public men. But when he makes a speech something inside of his heart blows out in a strong, hot flame of sincerity which creates an address fully as welcome as any more measured and balanced words from a cooler man.

Speaking in Nebraska lately Colonel Roosevelt's words of reproachful admonition were bravely uttered and the country needs to hear just such talk. It was all good talk, but here is a sentence:

And nevertheless we have not been kept out of war. Our avoidance of duty simply invited such cumulative repetition of insult and injury that finally war was forced on us. It merely resulted in our drifting into war stern foremost, in a condition of such complete unreadiness that we owe an ignoble safety exclusively to the protection of the exhausted nations to whose help we have announced that we intend to come.

Every word of that honest, indignant speech should be pondered by American citizens. This is not an academic situation. We must try to atone for three years of shirking and twenty years of influence. We can do it, but we must try harder than most men have ever tried in their lives.—N. Y. Evening Sun.

LEGHORNS PRODUCE EGGS

At Less Cost—Superiority, as Layers, Over General-Purpose Breeds Shown by Recent Feeding Test.

Washington, D. C., July 12—Leghorns produce eggs cheaper than hens of the general-purpose breeds—Plymouth Rocks, Wyandottes, Rhode Island Reds, and Orpingtons. This fact, which confirms the belief and experience of commercial poultry farmers, was one of the results obtained in a rather extensive feeding test recently reported by poultrymen of the United States Department of Agriculture. Because they lay as many or more eggs, eat only about 55 pounds of feed per head as compared with 70 to 85 pounds eaten by the general-purpose breeds, and because their egg yield very materially exceeds that of general-purpose breeds during their second and third laying years, Leghorns, the specialists say, undoubtedly are more profitable to keep for the production of eggs only.

In this test the feed cost of a dozen eggs for one of the Leghorn pens was 7.34 cents in 1913 while the average cost of all the pens of the general-purpose breeds was 10.6 cents. In 1914 the feed cost of a dozen eggs for the same pen of Leghorns was 8.7 cents as against an average cost of 15.1 cents for the second laying year of the general-purpose pens. During their third laying year the cost of a dozen eggs was 8.8 cents compared to 18.6 cents for the general-purpose fowls. The total value of eggs per hen over feed cost in the Leghorn pen for three years was \$6.48 against \$4.30 for the general-purpose hens. The highest egg production obtained in any of the feeding experiments up to 1915 was by a pen of Leghorns which laid 157.6 eggs per hen, at a feed cost of 6.7 cents a dozen.

The Leghorns produce smaller eggs than the general-purpose breeds. The average weight of the eggs of a pen of Leghorns during the first laying year was 1.24 pounds per dozen as against 1.53 to 1.58 pounds for the other pens. However, Leghorns laying eggs weighing 1.50 pounds per dozen or even more, the specialists say, have been selected and bred by many poultrymen. An examination in May, 1915, of 500 eggs from 3 Leghorn pens showed that 31 per cent weighed more than 2 ounces apiece, or 1.50 pounds to the dozen.

The value per dozen of the eggs produced by the Leghorns was from 1 to 3 cents less each year than the eggs of general-purpose hens. This difference is due to the fact that the general-purpose breeds are better winter layers than the Leghorns, while the latter give a higher production in the spring and summer. Very few Leghorns become broody, which probably materially affects their egg yield as compared with the general-purpose breeds. Better fertility in the eggs, especially with stock confined to the yards, is more often secured with Leghorns than with the general-purpose or any of the heavier breeds.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. Dr. J. C. Cheney & Co., Toledo, O.

Ford
THE UNIVERSAL CAR

Price Advance

Competitors have circulated a report that the Ford has advanced \$100.00. This is emphatically untrue and is done merely to help them sell an inferior car for more money. However, I am expecting every day to receive notice to advance the price. All orders are being taken with the privilege of cancellation if price advances. The company has notified me to mail all orders the same day they are placed. It is my opinion that all orders will be filled at present prices if orders are placed at once, but you should not delay the matter a single day. Place your order today and play "safety first."

Omaha, Neb.—"I suffered from female troubles when I was seventeen years old. At eighteen I was married and my trouble was better so I consulted a physician who said that there was not much I could do and I could not have children. I read of Lydia E. WAR BRIDES WON BY UNIFORMS OF UNCLE SAM'S MEN

Port Riley, Kas.—Here is a little incident that is happening in every company every week in the officers' training camp:

"Captain, can I get eighteen hours' extra leave of absence this week, sir," a student asks his captain, after he has gone through the red tape necessary to have a talk with him.

"Is it absolutely necessary that you leave before Saturday noon?" the captain asks, in his sharp, quick, military manner.

"Well, sir, yes sir, almost," the student stammers difficulty. "It is almost necessary. You see, it is this way. The girl I am engaged to is going to get married, and—and—and I'd like to be there."

"Well, can't she get married without you?" the captain snaps back.

"Well, hardly, sir, you see, unless I'm there they won't be any wedding, sir. You see, sir, she is going to marry me, sir," the student quavers.

Must Be Quick About It

And maybe he gets his extra leave and maybe he doesn't. If he lives in Colorado or St. Louis or some other distant place he gets it, and if he doesn't he gets about six hours' extra Saturday morning. All the students get off at noon Saturday and they are free until Monday morning.

Judging from the gossiping around the barracks, it seems that about 25 per cent of the men have been married since the training camp opened. Every Monday more come back and start telling about their new wives until bunkies have to smother them with pillows and many of them don't

say anything about it until they are married. They just take the regular leave on Saturday noon and return as benedicts on Monday morning.

The other day an officer applied to Colonel Tyree Rivers, school commandant, for ten days' leave to be married.

"Ten days to get married in," the colonel remarked, "and war time, too! I only took seven days when I got married, and that was in time of peace. Tell him that he will have to decide on less time if he wants to get away to be married."

It's the Natty Uniform

Capt. F. B. Terrell was the only officer who could put forth a valid reason for all the marriage ceremonies taking place since the boys have been in camp.

"I think it is the natty uniforms, the leather leggings, the wrist watches and swagger sticks the boys carry when they go home," he said. "I have noticed that wherever there is a man around dressed up in a uniform the girls all flock around him like bees around a clever field, and the poor boy who remains at home and wears civilian clothing hasn't got a chance. It so makes the girls think a little when the boys go back to camp. They know that sooner or later he will be on the firing line in France and may never come back. They get to looking on the serious side of life instead of the frivolous side, and when a girl gets her mind to running

along a channel like that and there is a handsome young man around what can you expect?"

Captain Terrell should know, because he knows about sixteen marriages in his company of men who have asked for extra leave to be married, and there are probably some that he doesn't know about.

GOOD BACKS FOR BAD

Maysville Residents Are Learning How to Exchange the Old Back For a Stronger One.

Does your back ache, feel weak and painful? Do you suffer headaches, languor and depression?

The kidneys may be calling for help.

Weak kidneys cannot do their work. Give them the help they need. To cure a kidney backache you must cure the kidneys.

Use a tested and proven kidney remedy.

Doan's Kidney Pills have stood the test.

Convincing proof of merit in Maysville endorsement:

Mrs. M. Holliday, 221 W. Second St., Maysville, says: "At times, my back has ached across my kidneys. My kidneys have been irregular in action and I have had dizzy spells and headaches. I have always used Doan's Kidney Pills, getting them at Wood & Son's Drug Store, and they have never failed to relieve these complaints."

Mrs. Holliday is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Holliday had—the remedy backed by home testimony. 50c all stores. TRY TO ENLIST, LIE ABOUT AGES, COME TO GRIEF

San Francisco, Cal.—Swearing falsely as to their age in a patriotic attempt to join the United States marine corps not only lost William A. Mahoney and James A. Robar of Reno, Nev., the opportunity to join that branch of the service, but forced them to remain under arrest for an hour on a suspected "slacker" charge. Expressing their desire to become "soldiers of the sea," these two men applied for enlistment at the recruiting station, 371 market street. Sergt. McClaskey, in charge, put them through the usual examination, and both men passed physically high.

To Sergt. McClaskey's experienced eye both men looked rather old for their branch.

"We were born in September, 1873," they replied in unison.

"That makes you 30 years old," said the sergeant. "Where are your registration cards?"

"We—we haven't any," came the stammering reply.

"Zip-zip-zip," went the police call. "You are under arrest boys," said McClaskey. "I'm sorry, but the government forces me to turn over all slackers to the police."

At the police station both men confessed to having sworn falsely as to their ages. They admitted they were over 34 years of age. They had given a false birth date, realizing that if their correct ages were known they would be considered too old. Both were released.

SMALL MEN MAKE GOOD FIGHTERS

Washington, July 11—Small men make as good soldiers as big men in the revised opinion of the war department, which has instructed recruiting stations to open the ranks of the regular army to men no more than five feet one inch in height and who weigh only 110 pounds.

URGES YOUNG KENTUCKIANS TO TRY FOR COMMANDS

In a proclamation to the young men of Kentucky eligible for selective draft, Gov. Stanley urges the young men of capacity to make applications for appointment to the second officers' training camp at Fort Benjamin Harrison.

Gov. Stanley says that he feels sure that the reason why there has not been a more general response to the urgent call for officers, is due to a misunderstanding and not a lack of patriotism. He says that while older men than those of the selective draft age are desired, any young man of capacity has the opportunity to pass a successful examination for the camp. He regards it as a great opportunity.

REVISION OF CENSUS

Washington, July 11—A complete revision of population estimates upon which quotas for the army draft will be based was made public today by the census bureau. It is based largely upon the results of the military registration.

RUMOR ENTIRE CABINET WILL DESERT KAISER

Amsterdam, July 12—A rumor has reached Holland that the entire German government Von Bethman-Hollweg the Main Committee of the Reichstag, having refused to vote a war credit unless the government declares its policy regarding peace and reform which the government has declined to do. An imperial proclamation is considered imminent.

The Vossische Zeitung and Lokal Anzeiger, both of Berlin, agree that the chancellor resigned owing to a letter from the Center and Clerical party, declaring that the conclusion of a peace would be rendered more difficult if he retained his office.

May Not Accept Resignation
Berne, July 12—(British Admiralty per Wireless Press) — The Vossische Zeitung of Berlin says the German imperial chancellor, Dr. Von Bethmann-Hollweg, has resigned. Emperor Williams, the newspaper adds, has postponed his decision whether to accept the chancellor's resignation.

A telegram from Berlin today says it was the intervention of the crown prince that caused the chancellor to tender his resignation.

A card dated July 11 from Mr. W. F. Steele says that he is now at Mt. Vernon, Va., the historic home of Washington. He will leave in a few days for Baltimore and other cities. Mr. Steele, wife and daughter are making an extended tour in his auto.

ENDS GAMBLING IN NEW CORN—MAXIMUM PRICES FIXED BY CHICAGO BOARD OF TRADE

Chicago, July 12—The fixing of a maximum price of \$1.28 a bushel for the December (1917) and the May (1918) options for corn is regarded by members of the Chicago Board of Trade as virtually putting a stop to speculation in the new crop of that grain. The Board of Directors, who met after the close of the market yesterday, made no formal announcement of the reasons for the action, but an official of the board said the establishment of a maximum price for December and later options seemed necessary to bring trading conditions into harmony with the Government's war policy of preventing undue speculation and unwarranted high prices to consumers. The maximum price of \$1.65 a bushel for the September option, which was fixed by the board, some time ago, was not disturbed by the action of yesterday, as the value of old corn for immediate delivery is now much in excess of that limit, ordinary No. 2 white touching \$1.94 a bushel, the highest price ever known in Chicago. Despite the Federal crop reports and the reduced price of wheat traders say that business in the corn pit has been more active during the last month than at any time in the history of the board.

IF YOU REGISTERED JUNE 5, HERE IS WHAT TO DO NOW

Did you register on June 5? If you did, it is incumbent on you to take the following steps for yourself in connection with the selective draft:

Find out the number of the exemption district in which you live.
Find out where the headquarters of the Exemption Board for that district are located.

Find out whether you have been given a new number by the local board, and if so, what the number is.
Find out when the numbering will be completed, if it is not already complete, and learn your number at the earliest moment.

Find out, as soon as the "drawing" takes place in Washington, whether your number was drawn.
Find out where to present yourself if your number was drawn, irrespective of whether you receive notice by mail or not.

Present yourself on the date specified to the local board, no matter whether you think you are physically fit or not.

If you are going to claim exemption, make your preparations early, because your claim must be filed with the local board within seven days after you are called.

And remember: **IT IS UP TO YOU!** You are not exempt, no matter who or what you are, until you have been examined.

You cannot be exempted or discharged until you have demanded exemption or discharge.

You are not exempted automatically because you are married, or because of your occupation.

You may find yourself suddenly ordered to a training camp or branded as a deserter unless you see to it that you comply with all these legal requirements.
